

**CITY OF WAVERLY**

**Nebraska Energy Code Certification**

Date \_\_\_\_\_

Permit Number \_\_\_\_\_

I \_\_\_\_\_ hereby certify the structure contained in this building permit complies with the Nebraska Energy Code (RRS 81-1608 to 81-1626) in accordance with the following method:

\_\_\_\_\_  
*Signature*

***Residential***

\_\_\_\_\_ **IECC – International Energy Conservation Code, Chapters 4 & 5** – You may use this option if you desire. However, if you do, you will need to submit all your energy calculations at the same time as you submit your application for a building permit.

\_\_\_\_\_ **REScheck** – signed compliance certificate required. Checking this box allows you to use the REScheck energy calculation program. If this box is checked, you will be required to submit the calculations and the signed compliance statement which are both printed out when you complete the calculations for the residence.

***Commercial***

\_\_\_\_\_ **IECC – International Energy Conservation Code, Chapter 8**

\_\_\_\_\_ **COMcheck** – signed compliance certificate required – Checking this box allows you to use the COMcheck energy calculation program. If this box is checked, you will be required to submit the calculations and the signed compliance statement which are both printed out when you complete the calculations for the building.
